Date:

June 25, 2025

Dear Maryam Sameen

Welcome to Data Zenix Internship.

We are pleased to extend this official internship offer for the position of Data Science at DataZenix. This opportunity is more than just an internship – it's a meaningful journey of learning, contribution, and professional growth in your respective domain.

At DataZenix, we are deeply committed to nurturing young talent by creating a collaborative and innovative environment. As part of our team for the upcoming month, you will gain hands-on experience through real-world tasks designed to enhance your technical and analytical skills.

This internship will be conducted in a remote format, offering flexibility and comfort while ensuring productivity. Please note that your role during this period will be that of a learner and active contributor, and not a formal employee. However, exceptional performance that reflects DataZenix's values of excellence and innovation may lead to future employment opportunities within our growing organization.

We are excited about the possibility of having you on board and look forward to the contributions you will bring to our innovative team.

Best Regards,

Ibn Ali
Chief Executive Officer

M. Rasheed
Chief Managing Officer
